#### AOKI FAMILY IS RECONCILED

CARSON CITY, June 15.—A sensation was sprung upon the entire community at Carson City yesterday afternoon when it became known that the young American daughter of Archdeacon Emery of California and mother of a few months' old daughter and wife of Gunjiro Aoki, the Japanese servant of the archdeacon, was again living with her Japanese husband, after having filed divorce proceedings ten days ago through her attorney, Alfred Chantz. The fact has now come to light that the young couple are again to startle the American public by settling all their marital difficulties and resuming their marriage relations in the face of vigorous opposition. Reports from a reliable source says that this is positively the case. Further that the divorce suit is to be withdrawn this week and that the couple is to return to California. They are now waiting word from the girl's father, Archdeacon Emery, who is on the coast. Mrs. Emery is with the bride-wife of the Jap. ### Nevada is Now Only State in the Union Where Contest Can Be Held and May Be Successful in Securing the Great Bout.

By Associated Press.  
SAN FRANCISCO, June 15.—Stirred to action by the insistent protests from all parts of the state, Governor Gillett took steps today to prevent the championship fight between Jeffries and Johnson, scheduled to be held in this city on July 4. In a letter of instructions to Attorney General Webb, the governor expressed his disapproval of prize fighting in unmeasured terms. He directs the aid of the courts be invoked to prevent the match, and concluded with a positive order if in that case a plea for a restraining order is not granted, and the fight carried out, the attorney general proceed to gather evidence and prosecute the principals and those interested for the violation of the penal code of the state.

The letter declares that the supreme court of California has never defined a prize fight and suggests that an opportunity be given it to do so. This is taken to indicate the death knell of prize fighting in California, the "mecca of the prize-fighter," according to the governor's letter as it sounded.

This was borne out by the fact that the governor telegraphed Webb later in the day to take a similar action in the matter of the fight between Langford and Ketchel, scheduled for next Saturday afternoon. Promoters Rickard and Gleason were completely taken by surprise. When the news reached the promoters Rickard rushed to Webb's office and asked what that official intended to do. After a conference with Webb, Rickard said he believed the fight would be held in San Francisco, on the advertised date, despite the governor's orders. He said he could not say positively what he would do until Webb handed down an opinion. Rickard said Webb promised him, because of the great expense under which the promoters had gone in erecting an arena, and other matters connected with the fight, that the opinion would be forthcoming without delay. In the meantime he said he would make ready to take the fight to Nevada or Utah if compelled to do so.

SAN FRANCISCO, June 15.—Legal proceedings, it is believed, will make no difference in the fighters camps. It is thought probable they will continue training as though nothing happened. District Attorney Fickert, mention of whom was made by the governor, displayed bitterness when asked for a statement. He said the state executive had heeded the "clamor of the mob," and made satirical references to "political capital." "However," he concluded, "I still believe the fight will be held here as the courts are more powerful than the governor."

Seeking a reason for the action of the governor, following as it does his own repeated declaration that he did not believe the fight could be prevented, and did not mean to begin useless opposition, many think pressure has been brought to bear upon him from Washington and that the state's representatives at the national capital have informed him that holding the fight is standing in the way of San Francisco's efforts to secure national legislation in favor of the Panama Pacific exposition.

The Jeffries camp was in an uproar this afternoon as a result of the governor's order to stop the Fourth of July fight. Jeffries said the articles of agreement signed by Johnson and himself were the same as were signed for every other fight ever fought in California and he couldn't understand why the governor wanted to stop the fight at this late day. Jeffries also stated he would continue training until informed by the promoters that the affair could not come off.

CARSON CITY, Nev., June 15.—That the law of Nevada would permit the Jeffries Johnson fight to take place in this state was the statement made tonight by Justice Sweeney of the Supreme court when the question was put to him in the absence of Governor Dickerson. With only the formality of obtaining a license for which \$1,000 must be deposited, he said the fight could be held in any county of the state without fear of interference. The law permitting contests for an unlimited number of rounds in Nevada was passed for the Corbett-Fitzsimmons fight and was never amended or repealed.

SALT LAKE CITY, Utah, June 15.—Governor Spry has declared repeatedly the laws of the state distinctly prohibited a prize fight and he would use his authority to enforce the laws.

SAN FRANCISCO, June 15.—Johnson when informed of the action of the governor, said he didn't care where the fight was held and that he was willing to go to any place the promoters agreed upon.

SAN FRANCISCO, June 15.—"I've nothing to add to my letter to Attorney General Webb. My position is fully set forth therein," said Governor Gillett. "I shall file a petition with the superior court within two or three days asking for a temporary restraining order against the Johnson-Jeffries fight principals and promoters," said Attorney General Webb.

"We will not contest the action of the court if the first ruling goes against us. It will then be Reno or Ely, Nevada, or Salt Lake," said Tex Rickard.

"Looks like the game is off here, but we may hold the Langford-Kaufman fight next Saturday for all that," said Louis Blot.

"Looks like the finish." "I see no way to contest it. The governor represents both the civil and military authority of the state. They have put a crimp in the game in California," was the statement of James Coffroth, the promoter of the Ketchel-Langford bout for July 2.

These utterances epitomize tonight the expression of what the sporting circles believe to be the final farewell of pugilism in California. The seat sale for the fight on July 4 now totals \$140,000 in cash and according to Rickard expenses have been incurred that reach nearly \$30,000.

WASHINGTON, June 15.—The move by the state authorities of California to stop the Jeffries-Johnson fight, it is believed, in Washington, had its origin in a telegram that Representative Bennett of New York sent to William Wheeler, president of the San Francisco chamber of commerce on May 28. The telegram was to the effect that the moral sentiment of the country was so opposed to the fight that, unless prevented there

#### RUSSIANS EXILE JEWS.

By Associated Press.

#### THIEVES ROB DENTISTS.

By Associated Press.  
STOCKTON, Cal., June 15.—Burglars entered five local dental offices between Saturday midnight and yesterday morning securing gold aggregating \$350. The police have not thus far obtained a clue to the identity of the robbers. Thieves are known to be operating in dental offices throughout the state.

## MAYOR M'CARTHY WILL NOT TAKE ORDERS FROM GILLETT

### Issues Statement that He is Running San Francisco and that the Fight Will Take Place on July Fourth.

By Associated Press.  
CHICAGO, June 15.—"I'm running San Francisco, and I'm taking no orders from Gillett or the attorney general. You can bet your last dollar the fight will be pulled off in my town just as advertised," said Mayor McCarthy of San Francisco here today when he learned of the action of the Governor.

"I would like to ask the governor of California," continued McCarthy. "If he can step into my town and tell us what we must do, and what we must not do. We know what we want and we get what we want when we want it. The big thing we want just now is the scrap which I say will be fought in San Francisco on July 4th, governor, attorney general and all the rest of them to the contrary notwithstanding."

Asked what he would do if the national guard forces were ordered to stop the mill McCarthy said: "I tell you, we run San Francisco, and we run it to suit ourselves; we were danger of congress would take unfavorable action on the resolution now before it naming San Francisco as the place for holding the international celebration at the opening of the Panama canal. Bennett is a member of the foreign affairs committee of the house that has opposed the resolution now under consideration. He recently received a telegram from San Francisco asking him to support the resolution for the San Francisco fair but replied as above. The foreign affairs committee will consider tomorrow the resolutions of San Francisco and New Orleans, asking for the recognition of their proposed expositions and in view of Gillett's action it is understood that Bennett will favor San Francisco."

EL PASO, Tex., June 15.—A telegram was sent to Rickard and Gleason by prominent business men here proposing that the big fight be held in the bull ring at Juarez, which will seat 30,000 people. It is not believed that President Diaz will oppose the contest.

#### NO JURY TRIAL FOR TOM RICKEY SAYS LANGAN

Dave Holland left yesterday for a short stay in the Bishop Creek country.

#### TWELVE YEAR OLD YOUTH CRACKS SAFE

By Associated Press.  
DENVER, June 15.—Postoffice inspectors have been ordered from this city to Palmerlee, N. M., to take charge of probably the youngest safecracker in criminal history. The prisoner, who has confessed to the robbery of the Palmerlee postoffice, is a 12 year old Mexican lad. He broke open the safe like an experienced "yeggman," took what money it contained, but left stamps and other papers for fear they would incriminate him. According to the boy's story he was carefully trained for the robbery by a gang of Mexicans.

#### DISTRICT OF RAMONA EXTENDED ONE MILE

J. J. McCarthy, superintendent of the Silver Moon lease at Luckyboy, returns to camp this morning. He will take with him returns on assays from a new prospect about a mile from the original strike made by J. F. Mitchell at Ramona, that indicate the values may spread over a large extent of territory. The assays are from a depth of twenty feet and give returns of \$5.60 and \$19.80 in gold per ton. The property is owned by Charles McCamp and George McCarthy. Surface assays showed only about \$2, and the increased values are very encouraging.—Colorado Tribune.
